## **Billing System Analyst I**

Arizona Water Company, a private utility serving customers throughout Arizona, is seeking a Billing System Analyst I to join its Billing Department in its Phoenix headquarters.

The Billing System Analyst I operates the company's main (AS400) computer system. The Billing System Analyst I performs a variety of skilled computer operation functions. This position reports to the Billing System Supervisor.

Responsible for a variety of tasks and duties, which may include, but would not be limited to, the following:

- Verifies the AS400 is online daily.
- Checks and balances billing updates for accuracy.
- Prints and processes all account maintenance and SurePay applications daily.
- Processes and balances Rapidpay, SurePay, Paymentus and Phoenix payments.
- Prepares the daily bank deposit and cash report.
- Prints all final bills and refund checks and ensures the distribution of each to the customer.
- Operates the billing system daily which includes but is not limited to:
  - Generating, printing and checking meter reads for accuracy
  - Verifying and keying all account maintenance to include: BDTs, credit memos, local bills, meter change orders, customer information changes and special handling requests
  - Generating daily billing and prepares files for the printing and mailing of bills and delinquent notices
  - Checking and balancing billing totals using Revenue summaries, Daily Billing Totals Reports, Billing Registers and the Cashbook Log
- Enters and verifies SurePay applications and cancellations appropriately.
- Enters and verifies all account maintenance updates (CICs, meter change orders, special handling requests/cancellations).
- Files account maintenance forms and reports.
- Verifies all special handling accounts.
- Updates account mailing addresses based on address overrides or postal updates.
- Assists with keying payroll timesheets.
- Provides Meter Reader support.
- Provides support to the Customer Service Representatives which includes but is not limited to payment research and billing analysis.
- Assists the Billing System Analyst II with month end duties.
- Assists the Billing System Analyst II in performing account analyses on but not limited to:
  - Zero usage, high usage, inactive meters, meter change orders (before and after)
- Assists the Billing System Analyst II on performing Quality Control on billing rates and tax rates.
- Resolves system user inquiries through research and analysis of the billing system.
- Assists in all areas regarding the billing system when necessary and applicable.
- Any other additional duties assigned by the Billing System Supervisor.
