DRAFTSMAN

Arizona Water Company, an investor-owned utility in the Phoenix area is currently seeking an individual to work as a Draftsman in our Phoenix Corporate Office.

The Draftsman, under general supervision, prepares and maintains Engineering Department maps, records and construction drawings; makes field checks of measurements for modification or correction of maps and records; assists in special drafting, appraisal work, and in preparation of work authorizations; performs other duties as assigned. The Draftsman completes the design and construction management of pumping equipment, wells, storage tanks and pipelines.

Responsible for a variety of tasks and duties, which may include, but would not be limited to, the following:

- Responsibilities include maintaining maps, records and construction drawings, and assisting in special drafting, appraisal work, and preparing work authorizations.

Skills, knowledge and physical requirements include, but are not limited to the following:

- Preferred experience with Microstation, other CADD programs acceptable.
- Knowledge of GIS is a plus.

Required education, training and experience:

- Must have minimum of four semesters of drafting in high school or junior college.
- High school graduate or equivalent.
- Valid Arizona driver's license and acceptable driving record.

The company offers a competitive wage and benefits package, including company-paid medical, dental, life and LTD insurances, as well as holidays, vacations, sick leave, and 401(k) plan.
