

FREE CONSERVATION KIT FOR SELECT CUSTOMERS

Arizona Water Company is offering free water conservation kits to customers in the following service areas: Apache Junction, Gold Canyon, Superior, Miami, Globe, Winkelman, San Manuel, Oracle, Saddlebrooke Ranch, Bisbee, Sierra Vista, and customers in unincorporated areas near the listed communities.

Within these kits, there are tools for DIY landscaping improvements, as well as indoor fixtures to increase water efficiency to save water. These indoor fixtures are quite simple to install, with only a wrench needed.

The goal of this program is to help Arizona Water Company customers save water more efficiently while performing everyday tasks around the house. Arizona Water Company customers within these service areas already have a strong water conservation ethic, but with these kits, customers can increase water efficiency. For example, included in the kit is an EPA WaterSense showerhead. This showerhead allows the user to use less water while providing a powerful flow of water.

Applying is easy! If you are a customer in these service areas, go to our website submission form to request your [free conservation kit](#). Conservation staff will be in contact soon after! Please keep in mind that kits cannot be requested in person - they must be requested through the online form.

Not a customer in the listed service areas? Do not worry, we have plenty of free resources for our customers located on our [website](#), including access to books such as *Landscape Watering by the Numbers*, *Landscape Plants for the Arizona Desert*, and more!
